A Legacy of Care

Cartiere Carrara is one of the leading European producers of tissue paper.

Since 1873, the company has combined tradition, innovation and responsibility to create high-quality products. Its roots lie in the heart of Tuscany, and the Carrara family continues to guide its development with a constant focus on quality, sustainability, and care for people and the environment.

Over time, the company has strengthened its path through continuous evolution: from the selection of the finest raw materials to investments in advanced technologies, and the adoption of practices aimed at the responsible use of resources.

Today, with products distributed in more than 50 countries, Cartiere Carrara stands as a solid and internationally recognized industrial company.

Caring for what's next

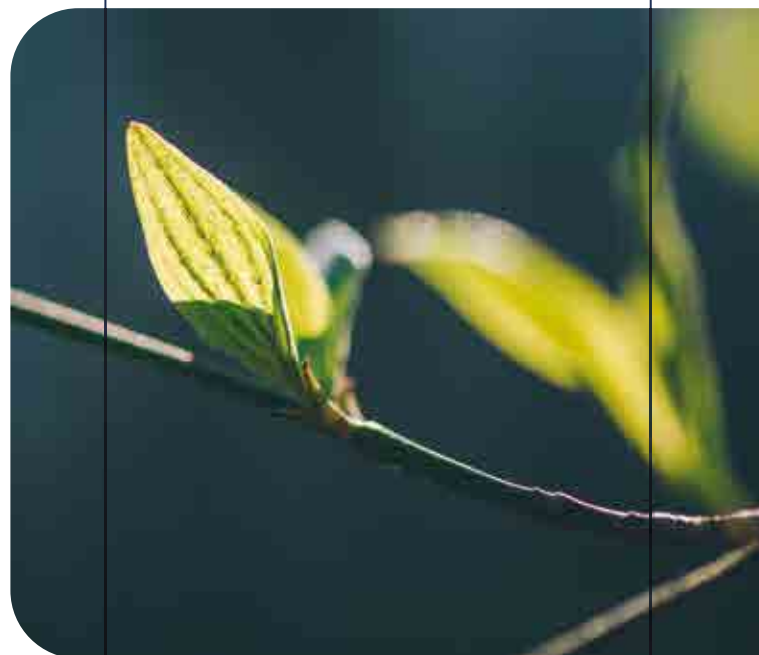

It reflects the intention to generate a positive impact on people and the environment today, contributing to the future we will share.

Sustainability is one of Cartiere Carrara's core values and a strategic driver of long-term growth. It guides the company's decisions, from environmental protection to the adoption of circular economy principles and responsible economic development.

In 2023, Cartiere Carrara defined its Sustainability Manifesto, setting out clear social, environmental and economic priorities.

From 2024, the company joined the United Nations Global Compact, integrating its ten principles into its business processes and contributing to the Sustainable Development Goals.

Sustainability translates into a strong focus on people and continuous improvement of processes, through concrete actions including the reduction of emissions, the optimisation of water and energy consumption, the selection of certified raw materials and investment in safe technologies, alongside initiatives that support local communities in the areas where the company operates, such as reforestation projects.

LUXURY HYGIENE SOLUTIONS

One brand
One solution

Hygiene meets Excellence

BulkySoft is the professional brand of Cartiere Carrara, dedicated to delivering complete, high-performance hygiene solutions for away-from-home environments.

BulkySoft combines advanced tissue technologies, efficient dispensing systems and responsible production processes to meet the evolving needs of businesses and public spaces.

From hospitality and healthcare to industry, offices and high-traffic environments, the BulkySoft range is designed to ensure reliability, high performance and optimised cost in use.

Each product is developed to reduce consumption, simplify maintenance operations and enhance the user experience, contributing to more efficient and sustainable management over time.

Backed by the industrial expertise and heritage of Cartiere Carrara, BulkySoft stands out for integrated systems, certified sustainability and measurable results.

Premium performance, refined design, responsible innovation.

LUXURY HYGIENE SOLUTIONS

Our Tissue Lines

Designed to meet every need

Our tissue portfolio is structured into **5 distinct lines**, differentiated by **origin fibers** and **performance level**.

Virgin fiber

EXCELLENCE *line*

E

Superior quality products for environments where **image** and **performance are paramount**.

PREMIUM *line*

P

High-quality products designed to deliver the ideal **balance between performance** and **value**.

CLASSIC *line*

C

Reliable products developed for environments where **cost efficiency** is the priority.

Recycled fiber

Comfort *line* de-inked

D

Products made from **de-inked recycled fibers**, optimising resources while ensuring **excellent cost efficiency**.

FORTE *line* HAVANA

F

Products made from **recycled cardboard fibers**, characterised by their distinctive **light havana colour** and **reliable strength**.

LUXURY HYGIENE SOLUTIONS

The **+ Performance range** brings together high-specification products engineered to meet specific professional requirements. Developed to deliver enhanced technical performance, these solutions go beyond standard tissue applications, addressing operational challenges in demanding environments.

+ Performance enables distributors to offer targeted, value-added solutions where performance is not optional, but essential.

02

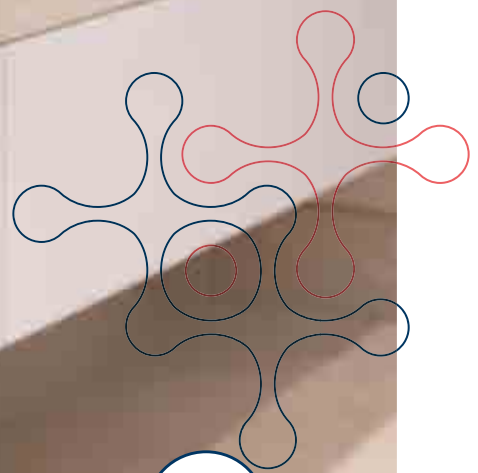

+Performance

The Smart Toilet Paper

That helps reduce Organic Build-Up in Wastewater

ODOUR CONTROL

SEPTIC TANK MAINTENANCE

DRAINAGE PROTECTION

The proactive hygiene solution

Clean doesn't stop when you flush.

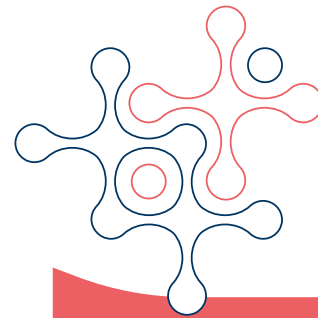

Active Clean goes beyond traditional tissue.

Infused with **active micro-organisms**, it continues working even after use.

Once in contact with water, these **micro-organisms activate** and **support the natural breakdown of organic matter**, helping to **reduce harmful bacteria** and **control unpleasant odours** at their source.

By contributing to the **reduction of organic deposits** within wastewater systems, **Active Clean** supports improved **pipe maintenance** and **overall system efficiency**.

The perfect solution for irregular pipes and high-traffic areas.

**ACTIVE MICROORGANISMS
FOR NATURAL DRAIN CARE.**

extra fast
dissolving tissue

Next-Gen Flushable Performance

Designed to
Dissolve Faster
Built to Perform Better

**EXTRA FAST
DISSOLVING**

ECOFRIENDLY

**OPTIMISED USAGE
CONTROL**

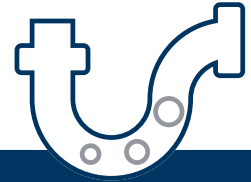

The Blockage Prevention Technology

Dissolves fast. Performs even faster.

The **Extra Fast Dissolving Tissue** range is engineered to break down rapidly upon contact with water, **reducing the risk of blockages in pipes and sewer systems**. Designed for environments where reliability is essential, it delivers fast dissolution without compromising **softness, strength or absorbency**. Its advanced fibre composition and patented technology ensure **high performance** during use and **rapid dispersion once flushed**.

Certified to stringent **European flushability standards**, it supports both user **comfort** and **infrastructure sustainability**, ideal for **hospitality, healthcare** and **high-traffic facilities**.

The perfect solution for high-traffic environments where flushability and reliability matter most.

REDUCES THE RISK OF BLOCKAGES IN PIPES

The Advanced Absorbency Solution

Innovative Membrane Technology for Enhanced Absorbency and Strength

SUPER DRY

ULTRA-FAST ABSORPTION

OPTIMISED USAGE CONTROL

The High-Absorbency Performance Technology

Less paper. More performance.

Membrane Plus features an advanced **3-ply structure**, with a highly absorbent inner membrane enclosed between two soft outer layers. This engineered design delivers **ultra-fast absorption** and enhanced liquid retention, while maintaining strength and comfort during use.

The improved **drying efficiency** allows **reduced paper consumption** compared to conventional towels, supporting **cost control** and **environmental responsibility**.

Available in multiple formats and compatible with professional dispensing systems, **Membrane Plus** ensures reliable performance in high-traffic environments.

The ideal solution for facilities demanding superior absorbency.

LUXURY HYGIENE SOLUTIONS

07

Dispensers

A complete portfolio of dispenser systems designed to maximise hygiene standards, reduce waste and support controlled consumption.

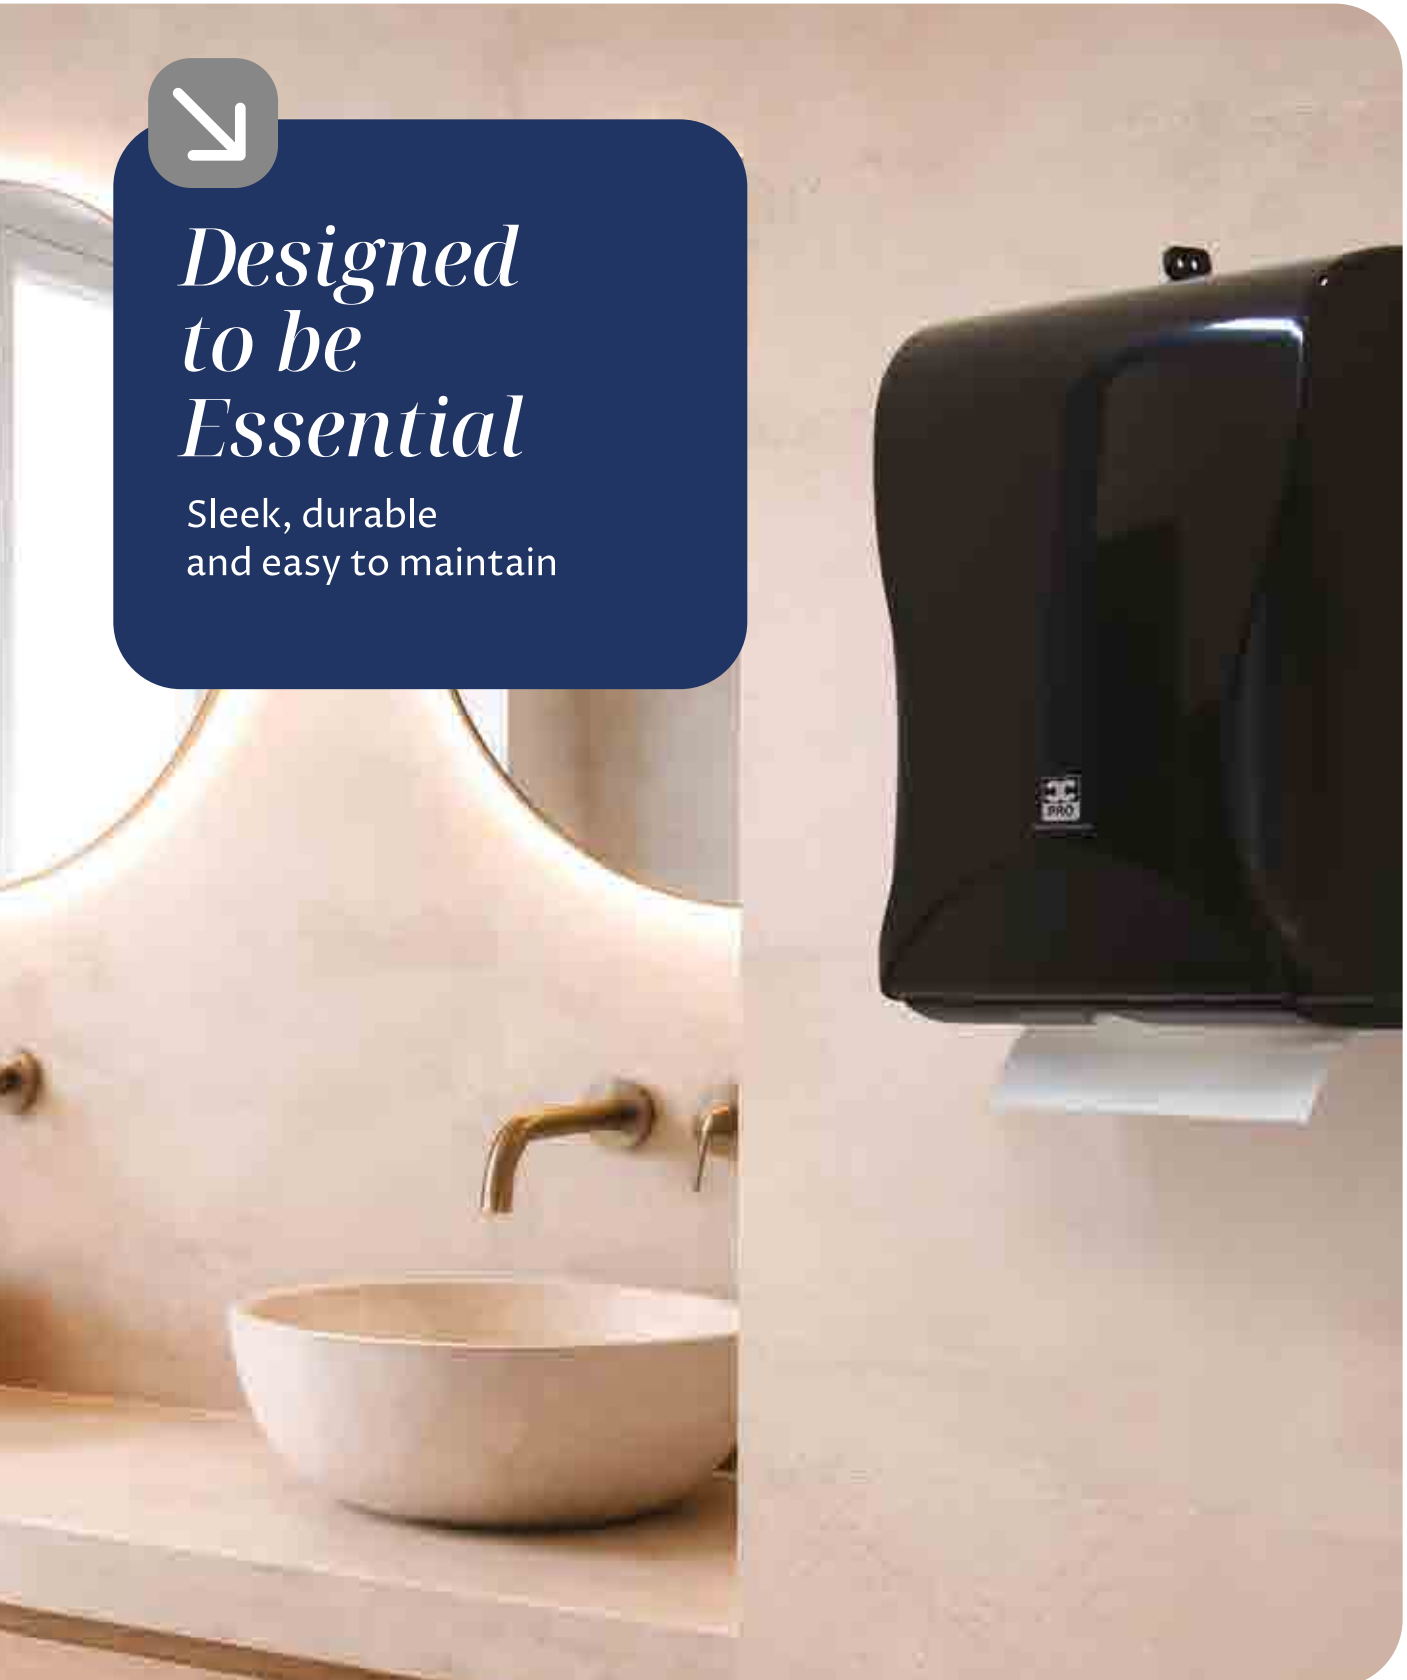

By combining smart engineering with distinctive design, BulkySoft enables distributors to offer fully integrated hygiene solutions across multiple professional sectors hygiene solutions.

essentia

*Designed
to be
Essential*

Sleek, durable
and easy to maintain

Advanced Systems for Controlled Hygiene

ESSENTIA dispensing systems are designed to work in synergy with BulkySoft tissue solutions, transforming everyday hygiene into a controlled and measurable system.

By combining distinctive design with engineered dispensing control, the range supports hygiene standards, operational efficiency and reduced waste across professional sectors.

The ideal system for optimised consumption and professional hygiene environments.

**MADE
IN ITALY**

**EASY
REFILL**

**OPTIMISED USAGE
CONTROL**

Ultra Compact Autocut

**Precision Cut.
Controlled
Consumption.**

Engineered for high-performance environments, the ESSENTIA Ultra Compact Autocut dispenser combines reduced dimensions with advanced dispensing technology.

Among the most compact solutions available on the market, it is offered in white and black and designed to accommodate multiple roll towel formats.

The 25 cm single-sheet autocut mechanism delivers precise, controlled dispensing, optimising consumption, limiting waste and ensuring consistent performance.

Key features

- ✓ HIGH-CAPACITY CAPTIVE SYSTEM
- ✓ COMPACT, SPACE-SAVING DESIGN
- ✓ WATER-RESISTANT ROLL PROTECTION
- ✓ 25 CM STRAIGHT AUTOCUT DISPENSING
- ✓ OPTIMISED CONSUMPTION CONTROL
- ✓ IDEAL FOR HIGH-TRAFFIC AREAS

No Touch.

Zero Contact Technology for Maximum Hygiene and Control

Engineered for environments where hygiene is essential, the **ESSENTIA No Touch** range includes an automatic towel dispenser and a foam soap dispenser, delivering maximum efficiency within a compact footprint.

The single-dose **automatic dispensing system** ensures fully contactless operation, reducing cross-contamination while optimising consumption and limiting waste.

Designed with smooth, clean lines for easier maintenance, the range combines functionality with a distinctive aesthetic.

The double-finish front panel enhances visual impact, adding a refined and premium touch to any professional environment.

An integrated LED status indicator enables quick and intuitive monitoring, ensuring consistent and reliable performance in high-traffic areas.

Key features

- ✓ REDUCED CONSUMPTION FOR EXTENDED AUTONOMY
- ✓ LED SERVICE STATUS INDICATOR
- ✓ DUAL DISPENSING MODE
- ✓ THREE ADJUSTABLE DISPENSING LENGTHS
- ✓ EASY LEVEL MONITORING

MADE FROM
RECYCLED
PLASTIC

R-ESSENTIA is a dedicated range of **sustainable dispensers** crafted from **high-quality post-consumer recycled plastic**.

Designed to uphold the same distinctive aesthetics, robust performance and operational efficiency of the **ESSENTIA family**, **R-ESSENTIA** introduces an elevated commitment to environmental **responsibility** and **circular economy principles**. The range is developed with a fully Italian production supply chain, ensuring traceability, stringent quality control and local expertise at every stage. From material sourcing to manufacturing, assembly and testing, every dispenser reflects a conscious choice to minimise waste and support a responsible approach to professional washroom solutions.

R-ESSENTIA preserves the core functional strengths of **ESSENTIA**, while introducing a new layer of environmental value for organisations that prioritise performance without compromise, and sustainability by design.

Key features

- ✓ POST-CONSUMER RECYCLED PLASTIC
- ✓ DISTINCTIVE ESSENTIA DESIGN
- ✓ 100% ITALIAN MANUFACTURING
- ✓ ENHANCED ENVIRONMENTAL RESPONSIBILITY
- ✓ SUSTAINABLE PACKAGING

 **essentia**
made from recycled plastic

Reduce. Reuse. Recycle.
Responsible by Design.
